Additional Information

Do you have a daughter in years 10-12 who could be a role model for her peer group? Are you willing to be a mentor for girls in this age group?

Based on our highly successful research paper *Faking It: The Female Image in Young Women's Magazines*, our School Ambassador Program aims to engage high school girls in years 10-12 to be positive agents of change in their school by leading their own peers through a positive and engaging program.

Please let your daughters know about the program, their school, or anyone that works with girls of this age. We are also looking for inspiring volunteers to serve as mentors for the girls.

Let us know if you are interested and we'll send you more information.
